Legendary St. Louis promoter Sam Muchnick and the magical television wrestling show broadcast from the opulent Chase Hotel from 1959 to 1983 are captured in this informative, amusing, and sometimes poignant story of one of wrestling's greatest eras. The high-class establishment of the Chase Hotel and the rough-and-tumble world of professional wrestling made strange bedfellows, but they worked together to produce an addicting spectacle under the direction of Muchnick. Ric Flair, "King Kong" Brody, and Andre the Giant are just some of the many characters who are featured in the engrossing, funny, and touching tales. Any fan of pro wrestling will delight in the history, humor, and uniqueness of Sam Muchnick and the Chase.
