NASCAR held its first Strictly Stock race in Charlotte on June 19, 1949, and, in the

following decades, dozens of large and small tracks throughout the Carolinas were home to a major NASCAR event. This is the story of every racetrack in North and South Carolina that held at least one big time race through 1971, but is no longer used for auto racing. Seven are one-race wonders, while others are as much racing legends as the sport's past champions. Chapters cover each track's big time history, from early background through its racing years to its current status. Included are the thrilling tales of the personalities and machines that shaped NASCAR's early days. Statistics chart every track's past winners, records, and wins by make. Nearly 150 photographs give the reader a virtual tour of speedways that are often inaccessible or nonexistent.
