The definitive guide from the renowned fly-fishing master A handsome new illustrated

edition of the classic by Art Flick, the man who gave American fly fishers their first useable, portable text for "matching the hatch" at streamside. Still a classic for anglers old and new, the Streamside Guide is the highly readable handbook to the major mayfly species of the eastern seaboard, providing step-by-step instructions for identifying these insects and selecting the proper flies. Flick's masterful text is a key to his beloved Catskills rivers, the epicenter of American fly fishing. With a new foreword, this classic work has new photos throughout, in black and white with a full-color insert.
