isbn:9781405106474

This richly documented book traces the evolution of American sports from the colonial period to the present. The narrative is organized around the argument that sports have been a significant social force throughout American history. \* Emphasizes the social,

economic, and cultural interaction between sports and larger issues, such as gender, race, and class. \* Includes 50 photographs of key events and figures in the history of American sports. \* Written in a compelling, narrative style to engage undergraduate students.
