When you navigate the coast of maine, a picture is worth a thousand words. "A Visual Cruising Guide to the Maine Coast" takes the guesswork out of navigating Maine's intricate, reef-strewn waters, ensuring that your next voyage through this coastal

paradise will be picture-perfect. Inside you will find more than 180 full-color aerial photographs that provide "by-the-picture" navigational guidance for Maine's treasured harbors, difficult passages, and hidden approaches. Author James Bildner has added chart segments and recommended course lines to these low-altitude photos, giving you a unique, at-a-glance guide to sailing around Maine. It's like cruising with a masthead lookout to point the way. It includes: text descriptions of area with piloting instructions; labeled approach lines; low-angled photos with key navigation aides labeled; and chart segments from high resolution NOAA charts.
