

# Performance Enhancing Substances in Sport and Exercise

[Performance Enhancing Substances in Sport and Exercise\\_ 下载链接1](#)

著者: Bahrke, Michael S., Ph.D./ Yesalis, Charles E.

出版者: Human Kinetics

出版时间: 2002-6

装帧: HRD

isbn: 9780736036795

The authors have compiled clinical and scientific research and reference material concerning the use and abuse of performance-enhancing substances among professional, Olympic-level, university and school athletes. In addition, data on health-effects of performance-enhancing substances and information concerning the legal aspects of substance use in sport and exercise are provided.
