isbn:9780811858274

Following on the heels of the successful "Worst Case Scenario Almanac: History"

comes the "The Worst Case Scenario Almanac: The Great Outdoors". This book is a complete survival guide for all outdoor mishaps, from what to do in a bear attack or an avalanche, to the best way to extinguish a raging barbeque fire or pitch a tent in the rain. The book will cover anything and everything that has - or could - happen out there in the wild. It comes with worst outdoor moments throughout history, How-Tos, charts, graphs, maps, and more.
