Since the early days of big wall exploration in the U.S., Yosemite has emerged as one of the world's leading rock climbing destinations. Established and emerging climbers make pilgrimages here, to test themselves on Yosemite's cliffs. This combination of peerless rock, fabulous sculptural cliffs, and hundreds of magnificent climbs finds its way into Yosemite, a stunning, four-color book by world-renowned climber, Alex Huber and climber/photographer Heinz Zak. Essays by well-known climbers accompany a range of superb color landscape photographs that echo the great traditions of the Ansel Adams and the Sierra Club large format books of the 1970s.

Contributors include:

Jim Bridwell

Mark Chapman

Peter Croft

Warren Harding

Lynn Hill
