Journey to the world's most spectacular fly-fishing destinations...fly fishers will lose themselves in these pages and dream of taking the fish of a lifetime. In this lavish, full-color book, Barry and Cathy Beck showcase the places fly fishers covet: Alaska, the American West, Argentina's Patagonia and sea-run rivers, Belize, the Bahamas, Christmas Island, New England, New Zealand, Venezuela, and the Becks' beloved Pennsylvania waters. Captured in beautiful color shots are salt- and freshwater trophy fish of all species--bonefish, permit, tarpon, snook, jacks, striped bass, trout, salmon, char, and grayling. The perfect gift book for anglers.
