The Collins College Outline for Western Civilization from 1500 covers all major political, social, and cultural events from the beginning of the "Modern Age" in 1492 through the Reformation, the Age of Enlightenment, Napoleon, the Depression, the World Wars, and the Cold War, continuing up through history's most recent crises and

developments in the early twenty-first century. Completely revised and updated by Dr. Ahmed Ibrahim, Western Civilization from 1500 includes practical "test yourself" sections with answers and complete explanations at the end of each chapter. Also included are bibliographies for further reading, as well as maps, timelines, and illustrations. The Collins College Outlines are a completely revised, in-depth series of study guides for all areas of study, including the Humanities, Social Sciences, Mathematics, Science, Language, History, and Business. Featuring the most up-to-date information, each book is written by a seasoned professor in the field and focuses on a simplified and general overview of the subject for college students and, where appropriate, Advanced Placement students. Each Collins College Outline is fully integrated with the major curriculum for its subject and is a perfect supplement for any standard textbook.
