isbn:9780071482547

We want to help you succeed on the TABE's math section Whether you're looking to qualify for a government job, a career with a private company, or demonstrate your

literacy and math abilities for school placement, a high score on the TABE will help you work towards your career goals and the life you want. Written by a leader in adult education, this book is designed to help you identify your goals and discover more about your learning preferences and study habits. You'll discover the strategies that make learning and test taking easier for you. And you'll learn essential math by using familiar, everyday items, including work documents, graphs and charts, and Internet based materials. McGraw-Hill's TABE Level A Math Workbook helps you with: Practice problems just like the ones on the test-with complete solutions Real-life materials and examples that help you to build the skills you need Total coverage of all the math test sections, including scientific notation, fractions, word problems, percentages, algebra, geometry and more Strategies that show you how to work smarter, not harder-and get the most out of your study time
