出版者:Thomson Learning

出版时间:2001-8

装帧:HRD

isbn:9780766819870

This resource presents the most recent developments in emergency management of trauma. It begins with the principles of trauma care followed by field assessment and triage of the patient. Subsequent sections address treatment methods for field,

emergency department, and special situations. Advanced life support skills are covered as well, including new procedures, techniques, and equipment. Chapters include field case studies and references to current literature sources in trauma management.
