出版时间:2002-10

装帧:Pap

isbn:9780878914463

This test preparation book includes six written practice exams and three full-length computer-based tests with detailed explanations to every answer. All practice exams are consistent with the new format of the GRE, including the Analytical Writing Assessment section. This book is the product of a massive effort to provide six complete, up-to-date practice tests based on the most recent Graduate Record Examinations. Each test contains every type of question you can expect on the actual GRE Computer Based Test (CBT). All of the subject reviews were prepared by test experts to target specific subject matter covered on the test. By completing the practice tests both written and computer-based, and studying the explanations and reviews provided, students can discover their strengths and weaknesses and become well-prepared for the actual GRE.

System Requirements: CPU: 75 MHz Pentium or compatible. 300MHz or higher recommended. Operating System: Windows, including 98 Me, 2000 and XP. RAM: 64MB minimum 60 MB Hard Disk space available.
