Each book is packaged with a CD-ROM that contains computerized versions of all exams in the book. Students can also use the 800 questions on the CD-ROM to create an unlimited number of customized tests. They can simulate the actual exam or create

tests based on domain or population. System requirements: Windows 95, 98, ME, 2000, XP, NT. Help prepare your students for the computerized NBCOT COTA exam with an exam review guide that has been highly recommended by educators and by students who have passed the exam! 1,000 review questions in five practice examinations in the book help identify areas of weakness and improve test-taking performance. The questions help students become familiar with the format of the questions in the actual examination.
