Smarten Up—It's Time to Choose the Right College

Think that your life's growth, success, and happiness depend on which college you attend? The higher-profile school, the better, right? Wrong! Neither is true.

Written by, yes, a Harvard grad, Harvard Schmarvard rebuts the perception that image is everything when it comes to college and emphasizes this simple fact: What you will be measured by in life is your talent and energy, not your college's name. Packed with practical information and insider tips, this must-have guide will help you determine which school fits you. Inside, you'll find:

- How to survive the application process without losing your sanity or sense of humor
- Tips on writing essays, visiting campuses, and keeping cool during your college interviews
- The truth about search letter scams and the early admissions game
- Plus loads of other invaluable insight!

So take a deep breath and exhale your worries and fears. Let Harvard Schmarvard debunk the myths, expose you to the truth, and clear your mind so you can weigh what's really important.
