Updated to reflect the latest Certified Public Accountant exam, the new edition of this manual presents two complete practice CPA exams. The author offers diagnostic tests and a review that covers all topics for which candidates are tested on the exam. All test questions have answers and explanations so that CPA students can score themselves and evaluate their individual strengths and weaknesses. The book's helpful supplementary information includes directions for obtaining application forms and applying to take the exam, advice on organizing an efficient study program, general reminders for dealing with the essay and computational questions, and test-taking tips.
