This work includes: fully integrated book, CD-ROM, and online program; a rich online study plan that guides students through all of the integrated assets of the comprehensive program, including the book, online, and software; guidance

throughout the program, directing students to additional resources within the program if they need it; a diagnostic experience to help students concentrate on the areas in which they need the most help; a progress report, so students can keep track of and analyse their performance as they make their way through the program; email communication at key points during the program, providing extra tips and guidance, as well as motivation to keep improving; monthly online additions to ensure that the student has the latest content and information about the exam; and, remedial content to ensure students are up-to-speed on the basic concepts before attacking higher-level content. It also includes: downloadable strategy and reference guides for easy prep on the go; realistic practice experiences; online question banks; and, 6 full-length practice tests with detailed answer explanations.

书评

介绍的也很全面,但是单靠看书还不能让自己的整体水平有多大的提高,在学习这本书的同时,你可以在考GMAT上有针对性的做一些习题,结合书中的内容学习,这样的效果很好,这是我个人一点学习心得,希望对亲们能有所帮助.
