For years, Norman Hall's Police Exam Preparation Book has been the #1 test preparation book for prospective police officers. By popular demand, Mr. Hall has thoroughly updated this hugely successful book, presenting all-new tips for attaining the highest scores while retaining his time-tested methods that have helped thousands score in the top percentile. The book exhaustively covers all subjects -- memory, situational judgment and reasoning, report writing, and more -- and offers brand-new police sketches to help with the suspect identification portion of the exam. Other key features include: -- Seven practice tests covering key subject areas-- Three full-length police officer exams-- Answer keys and self-scoring tables-- Tips on how to meet the physical requirementsThe country's demand for good cops has never been so strong -- and more men and women are lining up to take the police exam. With this updated edition of Norman Hall's classic book, the new wave of recruits will be several steps closer to getting that badge -- guaranteed
