Have you always wanted to run your own railway? Does your indoor model railway leave you with a desire to fill your nostrils with the smell of steam and hot oil on a winter's morning? If the answer to any of these questions is 'yes' then you probably need to build yourself a garden railway, and you certainly need to read this book! Peter

Jones is one of the best-known names in the world of garden railways. In this highly illustrated book he guides you through the exciting world of model trains in your garden, from small-scale electric-powered locomotives to live-steam engines capable of carrying passengers, helping the reader to decide on what type of railway would be right, and passing on countless tips for the successful execution of the grand project.
