Now in its second decade of production, Mazda's superb convertible roadster has become by far the world's best-selling sports car. Here, in definitive detail, is the full story of the MX-5 (known as the Miata in the USA and Eunos Roadster in Japan) from inception in the early 1980s to the very latest third generation models. Researched in Japan, this book, now in its third edition, includes interviews with key people in the MX-5 story. The coverage includes development, launch details, the model's evolution in all the major markets, motorsport, specials, and much, much more. The book also comes with a Foreword by Takao Kijima.
