This is the story of the cars of an irredeemable motorhead, who has owned more than

100 vehicles over almost 50 years spent mainly in the UK but also includes several years in Houston, Texas. His cars have ranged from pre-WWII 'bangers' rescued from junk yards to some of the finest examples of modern automotive exotica. Fords, MGs, Triumphs, Jaguars, Sunbeams, Ferraris, Aston Martins, Lagondas, Rolls-Royces, Cobras and many others. All are featured in this inspiring tale of dedication, perseverance and boundless enthusiasm. It is also a reminder of the important part which cars play in enhancing the life of so many people.
