Meticulously researched, exquisitely illustrated, "Ferrari: Stories from the Men Who Lived the Legend" tells the complete history of a car and company like no other. Sixty years after Ferrari blazed onto the scene, this book takes us back to the world where this car was first created. Master photographer and car writer John Lamm tells the Ferrari story through the words of the people who made the history. In extensive interviews with those who created the story of Ferrari from it's founding days up to the present, Lamm gives us a thrilling, behind-the-scenes look at how car history was made, one model at a time. Virtually an oral history of the world's most iconic sports car, "Ferrari: Stories from The Men Who Lived the Legend" is also a treasury of historic and detailed modern images of the world's favorite sports car, a compelling and enticing combination.
