Get It On or Hot Love The Mini Cult and Music of the 60s and 70s The mini -- classic car,

cult object and lifestyle symbol. In 1959, a revolutionary, original runabout left the conveyor belt in Birmingham, Great Britain. It was originally designed to take its passengers from A to B as cheaply as possible. It quickly became a money-maker and soon was part of people's attitude during the Swinging Sixties. This earBOOK, produced in co-operation with 'sMini Scen journal, presents the cult of the MINI in many pictures taken of the different models from the early beginnings to today's versions. Illustrations of original advertisements and accompanying texts around the little icon make it a MUST for every MINI fan. Music CDs: including music fitting the cult object Four CDs with Brit pop from the 1960s and 70s.
