著者:McLaughlin, Paul G.

出版者:Motorbooks Intl

出版时间:2003-10

装帧:Pap

isbn:9781583881033

The first station wagons were built to carry rail passengers and their luggage to and from the station and were called "Depot Hacks." By the 1950s station wagons had become a common feature of suburban living. From the Model T to the Pinto Cruising Wagon, this book chronicles Ford's entrees in this field. Included is a model history for

each year with available options, production figures and more. A must have for all Ford Station Wagon fans.
