The trick parts and customizing magic used on the cars of The Fast and The Furious comes to sport compact car enthusiasts in this Universal Studios-licensed how-to book. Authored by Eddie Paul, the man who built the cars for The Fast and The Furious

and 2 Fast 2 Furious, this technical book shows how to transform a sport compact car into one of the flashy custom cars in the film. The book is a step-by-step how-to book, with color photographs taking the reader through the process of installing components and customizing parts. The 25 projects in the book include installing body kits and wings, installing highend stereo and computer equipment, nitrous oxide kits, exhaust systems, applying graphic kits, selecting wheels and tires, installing underbody lighting kits, and much more.
