A unique journey through the heart of the Deep South, The Natchez Trace Parkway traverses 444 miles from Natchez, Mississippi, across the mighty Tennessee River in northwestern Alabama, to its northern terminus just shy of Nashville, Tennessee. For travelers planning a visit or already on the way, Guide to the Natchez Trace will help them discover all that the historic byway has to offer. From milepost to milepost, discover an ancient trail blazed hundreds of years ago by Native Americans that, in the early nineteenth century, became a trekking road for river boaters, who had sold their goods and vessels and were now headed back to central Tennessee and beyond.

Visitors can drive the entire length, sampling the hundreds of scenic areas, restaurants, inns, exhibits, recreation areas, and other sites along the way. Motorcyclists will want to cruise the entire length as well, but will especially savor the hundreds of miles of meandering road between Natchez and Tupelo. For an even more intimate experience, Guide to the Natchez Trace shows where to hike on over 60 miles of National Scenic Trail, where to camp, and gives tips on bicycling the parkway's scenic length.

Whether exploring a few miles or a few hundred miles, visitors will enjoy it most with the Guide to the Natchez Trace.
