isbn:9780760327777

Classic V-8 engines are a staple of Hot Rodding, and now a new generation has discovered the thrills of this sport. This hands-on, how-to guide is the first one to give

thorough, detailed, and clearly illustrated instructions for a complete build-up of these classics. Included are the Lincoln flathead V-8, Ford flathead V-8/60 HP, Chevrolet 348-ci, Chevrolet 408 ci V-8...the major cars associated with Hot Rodding. There is in-depth information on engine components, and parts, current prices, alternative parts, part numbers, dynamotor information, machining and assembly techniques, procedures and instructions. Illustrated with color photography throughout, this title puts the world's greatest engines in reach of a new generation of Hot Rodders!
