出版者:Prentice Hall

出版时间:2007-7

装帧:Pap

isbn:9780131582460

For courses in Automotive Brake Systems or Chassis Systems in colleges or proprietary schools. Unlike other books--which seem to offer little more than service manual material--Automotive Brake Systems reflects Halderman's real world experience. It

offers complete coverage of the parts, operation, design, and troubleshooting of brake systems, and answers the "why's" along with the "how's."
