isbn:9780760318034

The world of off-road racing comes to life in this photo-oriented look at the sport. The author visited ten of the hottest off-road racing events in the U.S., and came back with a high-quality look at the state of off-road racing today. The book is divided into 10 sections, each dealing with a particular type of off-road riding or competition. Described is what happens during a typical day of competition, with quotes from the racers and their families. Detailed photos show the action on the track, and the majority of the shots are the competitors in the pits working on their bikes, sharing racing stories, camping, and living the lives of a racer.
