For courses in Automotive Brake Systems or Automotive Chassis Systems. This text is part of Prentice Hall's Eight book Multimedia Automotive series, and offers complete coverage of the parts, operation, design, and troubleshooting of brake systems. It

correlates to the National ASE test in the area of brakes as well as to the automotive program requirements for NATEF. Tech tips and diagnostic examples are included throughout, and frequently asked questions (FAQs) are thoroughly and comprehensively answered. The instructor resource package along with the student multimedia CD-Rom add tremendous learning resources to this groundbreaking series.
