For fifty years the Corvette has just got better and better. This book gives Corvette the treatment it deserves, with brilliant detailed photographs of noteworthy models from 1953 to the present day. It includes full-color pictures, performance statistics, and historical summaries of each of Corvette's six generations: 80 vehicles, and 250 color photographs, an irresistible close-up look at an incomparable sports car. The ones that seduced generation after generation are here: from the 1953 Corvette Convertible, the 1963 Grand Sport, the Corvette ZR-1 from 1990, and the Corvette Z06 - a fitting tribute to the world's longest continuously produced sports car!
