"Ol' Skool Hot Rodz" delivers everything grease-under-the-fingernails hot rod builders, and fans of the rebellious and unconventional love! With 24 different hot rods built in "old school" style, an overview of the early history of hot rodding and 450 photos of

these stripped down and hopped up cars, readers can't help but be inspired! This innovative guide: features 24 hot rods built more than 40 years ago and still tearing up the pavement, including the Golden Nugget built in 1952; offers hot rod enthusiasts advice on what to look for when choosing a hot rod boiler; and, inspires readers to discover the timeless design of old school hot rods for themselves. This must-have book speaks to the rebel in all of us.
