A glamorous addition to a popular series, this book celebrates four of Lamborghini's most sensational models: Miura, Countach, Diablo and Murcielago. The author takes us through the development of the Lamborghini V12 engine and on to the creation of the Miura, one of the most breathtaking supercars of all time, before moving on to analyse its exotic descendants in the form of Countach, Diablo and Murcielago. Superbly illustrated throughout, this book also covers some less predictable topics, making it an essential purchase for every discerning Lamborghini enthusiast.
