Hot rodding is now more popular than it has ever been, with dozens of TV shows devoted to building custom cars. "Anatomy of a Hot Rod" explores 40 of the most spectacular open-air roadsters, flame-wrapped led sleds and primer-coloured rat rods ever created. Hot rodders and the people who love them will discover 400 of the most amazing colour photos of interiors and exteriors, plus details about the techniques used to create each car and background about each builder.
