装帧:HRD

isbn:9780760318652

2004 marks the introduction of the 6th-generation Corvette as a 2005 model. As with any new-generation Corvette, anticipation is rampant C6 represents an important departure from C5 both in terms of exterior and interior styling and chassis dynamics. It

features a revamped platform (to be shared with the new Cadillac XLR roadster), fixed headlights (for the first time since 1962) and an edgier, more compact body. This GM-licensed book takes the enthusiast on an illustrated tour of how C6 developed from the drawing board to the production line.
