Bigger and badder trucks, exciting new events, and increased exposure have monster trucks once again roaring across the landscape of the United States. *Monster Truck Mania!* explores the beginnings, the rise and fall, and the resurgence of this all-American pastime. From the beginning days, when monster trucks were simply brawny modified pickups, through the Bigfoot era and the beginnings of production monster trucks, and onto the current retooling of the sport, this book features both a dynamic visual and authoritative look at monster trucking through the years. Packed with full-color action and detail shots, Up-to-date information on monster trucking today, Classic photos of early monster trucks
