Legendary Form Tractors contains more colour photographs of more types of farm tractors than any book on the market. The book contains over 640 photographs of

tractors from the USA, Canada, Europe, and Japan which cover models from the 1880s to today. The photos are accompanied by detailed captions. The tractors are organised alphabetically by make so readers can easily find their favourites. The book's coverage ranges from familiar makes such as John Deere, Ford, Farmall, Case, Caterpillar, and International Harvester to obscure tractors that have seldom been seen, such as the special streamlined Porsche coffee plantation tractor that looks more like a Porsche sports car than a John Deere. The extensive variety of material and the excellent photographs taken by the renowned English photographer Andrew Morland, make this an exceptionally good book that will appeal to tractor buffs and to those looking for a giftbook for the tractor enthusiast.
