This new companion to Bo Bertilsson's well-received 1999 release *Classic Hot Rods* (0 7603 0721 0) features the most influential and recognizable customs and sedan-based hot rods (aka, "lead sleds") to come out of the West Coast customizing scene in the last 15 years. Bertilsson's remarkable color photography captures aesthetically traditional

coupes, roadsters, and "lead sleds" from such renowned current-day builders as John "The New Kustom King" Dagostino, Rick "The Arizona Kid" Dore, Rick "The Pastel Prince" Zocchi, and Jimmy Vaughn (guitarist extraordinaire of Fabulous Thunderbirds fame). Detailed captions identify each of the machines depicted, while close-up shots reveal the cars' unique features.
