isbn:9780854295807

The E-type is probably one of the most famous and well-loved sports car. When it first appeared in 1961, it was seen as a giant step forward in design, offering performance with sophistication, all clothed in a body of great beauty. This award-winning book, first published in 1989, provides a comprehensive history of this car. It describes the

design, development, launch and reaction, with details of competition cars and racing results, and the various models and production changes with tabulated specifications.
