著者:Eric Hansen

出版者:Vintage Books

出版时间:2000-12-1

装帧:Paperback

isbn:9780375724954

After trying and failing several times, spraining his ankle, and being frightened by tales of crocodiles seven meters (23 feet) long, Hansen managed to walk across Borneo, for reasons not at all clear to himself. He was brave and savvy enough to face down suspicious tribesmen carrying spears, but it is his open-minded humility when meeting the natives that is most impressive. That and his often charming klutziness. A wonderfully appealing book.
