isbn:9783822858691

This text looks at the best of the world's country homes in the mythical land of Greece. Go island hopping with the Stoelties and discover the best of Greece's hidden treats, such as the hilltop summer house of Robert Browning, descendant of the English poet, in Hydra, or the romantic home of Onassis's ex-pilot basile Touloumtzoglou and his wife Tilly. This book features 22 country houses found in Greece.
