Planning a vacation? Why spend your travel dollars on expensive guides you ll use only once? itravelbooks gathers all the critical knowledge you need and puts it in an inexpensive format you can take anywhere. HAWAII covers every popular island and lists the hotels, resorts, activities and sight-seeing for every price range. To make your travel planning a breeze, this book also contains a password that lets you download a free version of the book to use on any computer, with live links to every website and the ability to printout only the pages you want.
