A new departure in travel publishing, StyleCity guides are created with visual sensitivity and cultural sophistication. Smartly designed and ingeniously practical--with easy-to-read street and subway maps--these stunning, entirely up-to-date paperback books are lavishly illustrated throughout with new photography. StyleCity guides take

travelers to the hottest restaurants, offbeat cafes, stylish boutiques, hip hotels, and happening neighborhoods, where locals as well as visitors will find a vibrant urban experience. For the traveler and stay-at-home alike, these books provide a window on the latest trends in international design and style. StyleCity guides are divided into two sections. Style Traveler identifies the most original and memorable places to sleep, eat, drink, shop, and retreat. Street Wise divides the city into neighborhoods and provides convenient area maps that allow travelers to orient themselves like a native. No city combines rich cultural sightseeing with world-class shopping like Paris. From gastronomic delights to flea-market sleuthing, world-class museums, and shopping that spans haute couture to pret-a-porter, Paris has it all. With StyleCity Paris every traveler can choose the particular city experience that suits his or her individual needs.
