An RV isn't a home until those changes, upgrades, and small-scale fixes have been made that put a personal stamp on it. 10-Minute Tech, Volume 2 shows that this process need not be fraught with difficulty or drama. Aimed at both the RV novice and the seasoned pro, the information here is drawn from Trailer Life and MotorHome

magazines' "Quick Tips" self-help column, written by and for RVers and based on actual experience. The book contains little-known tips that RVers shouldn't live without and hundreds of illustrations and line drawings to make changes easy. Arranged in a straightforward reference format for easy access to particular problems, 10-Minute Tech provides the no-nonsense advice readers have come to expect from this series.
