出版时间:2000-1-7

装帧:Paperback

isbn:9781885211149

Nepal is magical and mysterious, stirring the fantasies of travelers of every stripe--monks, mystics, hippies, and yuppies. This book will do the same for readers as they discover the harmonious blend of cultures and traditions that remains quintessentially Nepali. Some of the many notable authors include Peter Matthiessen, Jan Morris, Jimmy Carter, and Jeff Greenwald.
