著者:Dent, Borden D.

出版者:McGraw-Hill College

出版时间:2002-3

装帧:HRD

isbn:9780072822021

This introductory textbook introduces students to the different types of map projections, map design, and map production. Cartography is generally a sophomore or junior level course for geography majors and many professors are beginning to introduce computer cartography throughout the course. A CD-ROM containing 120-day time-limited version of ArcView GIS, including text specific exercises, is packaged free with every text.
