With almost four hundred years of recorded history, Massachusetts offers a wealth of significant sites that's hard to match. "Our Massachusetts" is a pictorial celebration that showcases this state's stunning vistas, offering a glimpse into what makes the

region unique. From the vastness of the Berkshire Mountains and the emerald hills of Mount Greylock State Reservation to the Southeastern Massachusetts Bioreserve and New Bedford's whaling trade; from the USS Constitution and Boston's Freedom Trail to Plimoth Plantation and the site of the Salem witch trials to Worcester's Mechanics Hall and Springfield's Dr. Seuss National Memorial Sculpture Garden; from the charming seaside communities of Cape Cod, Martha's Vineyard, and Nantucket to the vibrant cities of Boston and Cambridge, "Our Massachusetts" celebrates the natural, historical, and cultural aspects of the Bay State.
