This unusual and helpful illustrated reference volume is a book of Spanish words, synonyms, and definitions designed especially for Spanish-speaking elementary and

middle school students. It is also a highly useful word book for English-speaking children who are first being introduced to Spanish in the classroom. More than 2,000 words and synonyms are presented in Spanish, and many entries also include antonyms. The authors are experienced elementary school teachers who have organized this book with special attention to practical classroom needs. This brand-new second edition features more word entries and more illustrations than appeared in the original edition. Another new and helpful feature is use of two-color type to highlight many headings as an aid in ease of reference. (Ages 8a12)
