What do Joan Rivers, Steven Spielberg, Alan Alda, Barbara Walters, Clarence Thomas, and Chris Isaak have in common? That’s right--they were English majors who now have dream jobs. I’m an English Major, Now What? debunks the myth that English grads have to be teachers, editors, or writers and provides: -Information on exciting career paths, including corporate communications, investment banking, graphic design, customer training, and more -Strategies for showcasing skills taught in college to prospective employees -Information on how an English background can be very marketable, all in the author’s candid--and humorous--voice English majors are unconventional, so why offer them a standard career guide? Instead, give them this invaluable resource for landing a job they will love.
