Words are the currency of a successful job search. And keywords are the basis for developing a powerful job search centring on articulating skills and accomplishments on resumes and cover letters and in interviews. Here is the first book to identify hundreds of keywords job seekers should incorporate at critical stages in their job search. Organised as a dictionary with examples of sentences, CVs, letters, and dialogues using each keyword, this unique book includes over 1,500 of the most important keywords that should appear on today's CVs and cover letters as well as extended into the critical job interview.
